

WALTER "HULA" BUCKNER poses prettily for El Don Photographer Marvin Carlton, while in the background Defense Attorney Henrietta Grisct and Prosecuting Attorney Pat Patterson confer with Judge Robert K. Jones over legal matters pertaining to the recent Kangaroo Court session. At the left Carolyn Hager gives Bob Wyrick an expert pedicure.

Tavern Post Literary Contest, Open To All Students, To End Wednesday

Publicity for Tavern Post literary contest, which ends next Wednesday and is open to all junior college students, is spreading about the campus in forms of posters and verse under the direction of Melvin Trickey, poster display chairman.

The contest sponsored by Tavern Post, college literary effort, is an enterprise for obtaining creative material from the students. Acceptable material from the contest will receive publication in the Tavern Post at the close of the semester. Authors of the best prose and poetry will be awarded prizes, Dorothy Winterbourne, editor of the magazine, has made known.

All Forms Accepted

Short stories, essays, character sketches, plays, humorous verse, cinquans, trioslets, or any other forms will be accepted by the staff. All contributions receive the attention of the staff under direction of Mrs. Grace M. Knipe.

This year the magazine, which will reflect the creative ability of the campus, will be cut only to meet wartime necessities, Mrs. Knipe stated.

Head Contest

Arrangements for the contest are under the direction of Elizabeth Baker, Dorothy Winterbourne, and Melvin Trickey, members of the creative writing class.

Faculty To Have Supper At Laguna

Faculty supper party will be held this Sunday in Miss Zena Leck's Laguna Beach home, Miss Agness Todd Miller, member of the supper committee, disclosed today.

Other members of the supper committee include Miss Leck, Miss Lillian Dickson, Miss Muriel G. Anderson, Miss Genevieve Humiston, Miss Frances Wood Egge, and Miss Dorothy Decker.

This party is one of a series of three parties planned for the faculty, Miss Miller reported. Members who wish will attend the cadet review at the Santa Ana Army Air base preceding the supper.

Mr. J. Russell Bruff, botany instructor, who spent last year in Mexico, will talk on his experiences in the Spanish-speaking country.

Special guests will include Mr. and Mrs. Frank A. Henderson, Mr. and Mrs. D. K. Hammond, Mr. and Mrs. L. L. Beeman, and Mrs. Eleanor Northcross.

Phi Theta Kappa Gets Mention In Magazine

Jaysee's Alpha Beta chapter of Phi Theta Kappa is given prominent mention in the November issue of "The Golden Key," official publication of the national organization.

The magazine item tells of the financial drive held here each year to raise money for the scholarship fund and the annual prize awarded to the outstanding scholar at commencement exercises.

Music Group Plans January Concert

Semi-annual concert to be given by members of Sigma Phi Sigma, honorary music society, will be held Jan. 14, it was decided at the club meeting Monday night.

As in past seasons the scene of the event will be the Little Theater of the high school. Reservations have also been accepted for the "Hut" in which refreshments will be served to all who attend the concert.

Committees Appointed

While Concert Mistress Ada Mae Harbaugh will have charge of arranging the program, assisting committees have also been appointed. They are refreshments, Ruth Gale and Mary Olive Tozier; decorations, Shirley Wiese and Anita Wollert; and publicity, Beverly Palmer. Ronald Troutman will act as general assistant.

Former concerts given by the society have occasioned a large audience of both faculty and students. "This season should be no exception," was the statement made to the press by Adah Mae Adkins, director.

Don Letter List Shows Increase

Two hundred copies of the November "Don Letter-of-the Month" were sent out recently, it was stated by John H. McCoy, director, today. This was a large increase over the eighty which were mailed in October.

Parents of servicemen have been writing in to give their addresses, and the college is especially anxious to receive addresses of men overseas. If local students or parents wish to report addresses of former jaysee students serving in the armed forces, they should phone Miss Helen Joiner, secretary to the director, at 1709.

Rededication Of War Plaque To Be Made In December Rites

Rededication of the JC service plaque will take place on December 7, the day marking the second anniversary of America's entry into the war. The ceremony will begin at 11 a.m. in the College library.

The first dedication of the plaque was held last year on the same date with three names representing jaysee heroes; this year the number has reached twenty-five who have given their lives in the service of their country.

The names are being engraved by the Rowland Sign service.

Men, Women To Have Assemblies

Del Ano Plans Set At Meeting

Del Ano staff and the Associated Students executive board met Tuesday in C108 under the leadership of Ethel Schoneman, Del Ano editor, and Bob Jones, Associated Student president, to discuss plans for the yearbook.

A pre-sale campaign Nov. 24-Dec. 17 was outlined and stressed, and publicity for the campaign was divided into committees under Winston Hill, night school, and Ethel Schoneman, day classes.

Poster Head Named

Bernita Horton, art editor, is handling the poster assignment which details posting illustrated publicity about the campus, on bulletin boards and in downtown store windows.

Miss Frances Egge, Del Ano adviser, presented the photography problem to the group, and discussion of the problem was heard from Bob Miller and Marvin Carlton, photo staff.

To Have Advertisers

Kathryn Stern, business manager and Virginia Harter, staff aide, are working on plans for advertisers and patrons for the yearbook.

"In past years Del Ano has had patrons, but never advertisers; however, this year with finances low, advertising enables the annual to view a more profitable publication," Miss Stern stated.

First Dance Held At Lincoln School

A small but enthusiastic crowd marked the first dance of the college year, a noon affair held in the Women's gym at Lincoln school yesterday.

Used as a trial to gauge student interest, the dance began at 11:30. Records furnished music for the event with Barbara Nelson in charge of the recording machine.

Highlight of the dance was a grand march, extra dancers being given hockey sticks to use for a tag number which followed. So successful was this idea as a mixer that it was continued until the close of the dance at 12:30.

Admission to the dance was by the purchase of defense stamps, which were sold by Gloria Golden, Piloter stamp booth representative.

President Bob Jones was in charge of general arrangements for the affair.

Next dance will be a Christmas party at the Ebell clubhouse on Dec. 10.

Store Owners Ask For Student Help

"We are receiving many calls from employers for student help, and we want to urge more students to apply for Christmas work," Miss Genevieve Humiston, placement head, reported today.

Because of the short school days it will be possible for students to work longer hours. Students who have already applied for jobs should watch their mail boxes for notices from the Placement bureau concerning jobs, as some have been notified, but have not contacted the placement office, Miss Humiston stated.

Many students have failed to return their applications for work permits, which will not be given out until the blanks have been returned. Students who are under eighteen and wish to work must obtain a work permit by applying at the Placement office.

Any student who wishes to consult Miss Humiston may do so during her office hours which are 1:00 p.m. to 3:00 p.m. daily and 10:30 a.m. to 12 on Monday, Wednesday and Friday.

Men To Hold Forum While Women Hear Review of Play

Mrs. Mona Summers Smith, prominent members of the Santa Ana Community Players, will review Thornton Wilder's latest play, "The Skin of Our Teeth," at a women's assembly Wednesday at 10:40 in C110, according to information released by the Executive Board today.

The play won the 1942 Pulitzer prize of \$1,000 for "the original American play, performed in New York, which shall best represent the educational power of the stage, dealing preferably with American life."

To Decide Escort Plan

After the review has been completed by the speaker, who will be introduced by Mary Alice Eklund, AWS president, a brief questionnaire will be presented to the women concerning the type of Ladies' Choice dance they wish to have this year. It is debated whether individual escorts or a group of men should be invited.

Men will also meet for an assembly at this time in C203 under the direction of Ernest Crozier Phillips for a round-table discussion of formation of a men students' association.

Omit Second Period

All students are expected to attend the assemblies, and roll will be taken as in regular classes. Second period classes will be omitted, automatically advancing the third and fourth period classes one hour. Regular schedules will be followed after the assemblies.

GUEST SPEAKER at a women's assembly next week will be Mrs. Mona Summers Smith, who will review Thornton Wilder's "The Skin of Our Teeth."

Lower Annual Price For Pre-sale Drive

Two dollars and seventy-five cents will buy one non-Associated Student ticket holder a 1944 copy of the Del Ano during the two week pre-sale campaign Nov. 24-Dec. 17, Eugene Frisby, Associated Student's vice-president, made known today.

This year's pre-sale Del Ano campaign is designed to develop special interest for outsiders, encouraging them to purchase the annual. For the period of the pre-sale campaign \$.75 will be saved by non-ticket holders, for the regular price of Del Ano is \$3.50.

Students who own an Associated Student ticket will receive their copy of the year book free. This year a plan is underway to sell copies to students in the armed forces who have left school for the service within the present college term.

Local Men Take Army-Navy Test

Thirty-one men took the Army-Navy qualifying test offered by the two branches of the armed services at the junior college last week, according to Ernest C. Phillips, armed service representative. Aiding Mr. Phillips in conducting the test was Mr. Neevil W. Helm, faculty member of Santa Ana high school.

Those who qualified for the test must be either a high school graduate or must be graduated at the end of the present semester. In addition to these requirements, the men must be between the ages of 17 and 22 years.

Will Specify Branch

Men passing the test will be notified by December 20, and upon enlisting in their specified branch of the service, will be sent to one of the 300 colleges designated by the Army or Navy. Men who pass the test are not under any obligation to enlist in the services.

Those taking the test include George Baker, James Dickson, George Detweiler, Edward Gantt, Wayne Herzig, Arnold Lane, William McPhee, LeRoy Miller, James Jerez, Donald Robinson, Dwight Schroeder, Thomas Sheehan, Arden Tyrell, Robert Votendahl, William Was, Hugh Wheeler, Bob Wyrick, all of Santa Ana.

Others Listed

Richard Dimmitt, Robert Levy, Tom Sanson of Newport; David Hart, George Schmidt, Robert Walters of Orange; Wallace Enderle, Donald Hawkins, Marvin Lawrence, Chris Rowenhorst, William Rowley, Ronald Squires, Audie Ashcroft of Tustin; and Harry King of Anaheim.

Board Works On Night Dance Plans

Plans for a Christmas party dance to be given at the Ebell clubhouse Dec. 10, will be completed at the next Executive Board meeting Tuesday, it was announced today by Robert Jones, president of Associated Students.

Outsiders will be admitted to the dance if accompanied by students, the price being 50 cents for stags or escorts not having student tickets and a dollar for a non-ticket holding couple.

Among the problems to be presented at the board meeting will be that of escorts. With male enrollment cut greatly, the affair may become a Ladies' Choice dance or all students may be allowed to ask outside escorts.

Theme of the dance is undecided, but a Christmas tree and special program will make up part of the evening's festivities.

Students Will Have Two-Day Vacation

There will be no school Nov. 25 and 26, Superintendent Frank A. Henderson announced today. The junior college offices will also be closed for the Thanksgiving holidays.

Unless the dates for the Christmas holidays are changed at Monday's regular board meeting, which isn't probable, Superintendent Henderson disclosed, vacation will extend from December 17 to January 3.

The possibility of changing the holiday dates to December 10 to 24 was discussed at previous meetings, but as yet has not been accepted. Local stores favored this possibility as it would enable the students to work during the pre-Christmas rush period.

Thanksgiving... 1943

A few years ago one of our neighbors, then a girl in her teens, came to the United States from Holland to visit her brother, who was working at a dairy here in Southern California. When war came to Europe a short time later, she was unable to return to Holland, where her parents and five of her brothers and sisters lived. She stayed on in California, keeping house for her brother and learning to speak English and to understand American customs.

At first the letters from her family came often, but soon the spaces between each letter from Holland became wider until there were none at all. Using the only possible means of communication she had, our neighbor sent a telegram home last January, a telegram which authorities said would take at least three months to reach in the Netherlands.

No word came from her family while she waited for an answer to the telegram, and it had been more than a year since the last letter, which was dated months even before that. Then early this week she told me happily that she had received a telegram, limited to 25 words, which said that her immediate family was well and asked if their letters had reached her during the last year.

After she told me of the telegram, I began to think. Next Thursday is Thanksgiving, and there will be vacant places at many tables. What reason for thanksgiving have those whose families have been disrupted by war? Why should they thank God for a full table when there is an empty chair? Then I thought of the Dutch girl who was thankful for a small piece of paper which gave her hope that after the war she might see her father and mother, her brothers and sisters, her uncles, aunts, and cousins again.

Christmas Impressions

By EDNA SAXTON

"Good morning! Good morning! This is Zam Haze, your Berry Reporter reminding you that it is again time to start thinking about Christmas."

It's happened! Just as I am recuperating from last Christmas somebody has to remind me that it is again that time of the year to start worrying about this year's Christmas shopping. Oh, woe! Where will I ever get enough money? There are so many things to get. How much will I need? Who do I have to send cards to, and where is that list? Worry, worry, worry!

The money is the big problem though, so I decide to worry about that first. It's illegal to rob a bank, darn it. I knew I should have started saving earlier. Well, I guess I will just have to get a job, I think to myself. So I put in my application all over town and decide I might as well try to get two or three jobs and get twice as much money.

Well, it happens that I do get two jobs; one from six in the morning to four in the afternoon, and the other is from five 'till nine. Next morning when Zam Haze again reports that there are only twenty-one shopping days 'till Christmas I can easily say "phooey" to him and turn over and go back to sleep (unless it is a school day—and I should have been there long ago, because I'm already late.) But my big problem is settled. (I think.)

Time goes on and there are now only fourteen more shopping days left and it's about time for vacation to start and I can go to work. Oh, boy! I can just see all that money I'm going to make. All I can dream about at nights is shoppers going around and around and around, but I don't have to worry. Just one more week of this getting up at six and working all day and then I will have all the money I can use for Christmas

It is now the night of the 22nd and tomorrow will be my last day of work. Ah... peace at last... Until I suddenly remember that I've got all the money I need but no presents!

'Tis the night before the night before Christmas, and all through the house not a creature is stirring... except me, working feverishly on a Christmas list. Dawn comes. I am exhausted but now I can relax. (oh yeah) "This is your Berry Reporter reminding you that this is your last shopping day." It seems to me that he said that rather sneeringly, but maybe it was just my imagination.

After working my last hour I rush out to spend the rest of the night shopping. Tired but undefeated, I make it home safely with presents for everyone. Tonight I can sleep.

Next morning when I hear Zam Haze saying "Now that you've done all your shopping (I smile to myself) and are ready to take all your beautifully wrapped presents to their intended," etc. When I hear the words "beautifully wrapped" I can't decide whether to take poison or hang myself; instead I just become original and give everyone unwrapped presents and tell them it is the latest thing in Vogue.

Next year I will start preparing for next Christmas this Christmas I resolve.

JAMES WYLIE, V-12 VISITS JC CAMPUS

James Wylie, Jr., '42, who recently visited on the campus, is now studying chemical engineering at USC under the Navy V-12 program. Upon graduation he expects to be sent to midshipman's school to be commissioned as an ensign.

Planet Mars Now Closest In Decade

Mars, the much-talked-of planet named for the God of War, is now closer to the earth than it will be for another ten years, according to C. H. Clemishaw, acting director of Griffith Observatory.

Great interest has been incited in the minds of thousands of Earthdwellers as to possible inhabitants of the planet after a vivid description of Earth's imaginary invasion by Martian men portrayed by Orson Welles in his broadcast five years ago. However, scientists deem it most unlikely that a form of animal-life could exist there.

Mars, reddish-colored and third most luminous of the planets, may be easily recognized as it rises above the eastern horizon in early evening. It was observed last evening through jaysee's eight-inch telescope by members of Mrs. Tessman's astronomy class.

Allan Nail Visits Here From Occidental

A recent visitor to the campus was Apprentice Seaman Allan Nail, '42. An engineering major while attending jaysee, Nail is continuing his studies under Uncle Sam's supervision in the Navy V-12 program.

Seaman Nail hopes to become an engineering officer with an ensign's commission upon graduation from Midshipman's school, where he expects to be sent soon.

His comment upon Occidental college, where he is stationed was, "You couldn't ask for a better campus."

Ensign Alice Smith Visits Jaysee Campus

Miss Alice Smith, ensign in the Waves and former instructor in the jaysee commerce department, was a visitor here this Wednesday.

In an interview with El Don Miss Smith states that she likes the variety of women that she meets in the WAVES.

One of her most interesting experiences concerned the American dialect. A WAVE from Tennessee was attempting to buy some candy at a Boston candy shop, but was unable to make her wants understood. Miss Smith, a Californian, stepped in and saved the day by acting as interpreter.

Miss Smith is now an instructor at Iowa State College, Cedar Falls, Iowa.

ENROLLMENT GIVEN

Total jaysee enrollment for the semester to date has reached 847 with an active enrollment during the past month of 682.

This is 105 less than at the corresponding date last year. The figures include both day and evening classes.

Helen Webbeking New President Of Alpha Gamma Sigma

Helen Webbeking was elected president at the first meeting of Alpha Gamma Sigma, California scholarship honor society, in the Women's lounge recently. Other officers elected at this meeting were Lois Crandall, vice-president, and Roberta Todd, secretary-treasurer.

Under the direction of Miss Lella Watson, club adviser, the new officers were installed and future business was presented at the meeting. Plans were completed to entertain new members of Phi Theta Kappa, national junior college honor society, at a reception.

Santa Ana jaycee's chapter of Alpha Gamma Sigma is known as the Omicron chapter and was organized at junior college in 1922. Membership is open by election of the faculty to all students who secure 31 or more grade points with no grade below "C" in a given semester.

Membership is temporary until a student has been elected for three semesters at which time he becomes a permanent member. Election to the scholarship honor society is an indication of superior scholastic achievement.

Gitanas Pledge Taken At Thorndike Home

The home of Beth Thorndike was the setting for the formal initiation of Las Gitanas on Wednesday.

The initiation was held by candlelight, and the pledges were presented with corsages. After the service a welcome was extended to the new members, who are Earline Vite and Marilyn Klentz.

The officers of the club are Marjorie Adkinson, president; Mary Alice Eklund, pledge mistress; Dorothy Winterbourne, secretary; and Virginia Michelson, treasurer. A short business meeting was held at which time plans were made for sewing to be done for the Red Cross.

Following the initiation the entire group attended the theater.

CAPITOL TO CAMPUS

THE STATE OF THE NATION'S CAPITAL

For years District residents have fought off the cockroach with every poison on the market. But today a good many persons here are nearly ready to admit that the cockroach has its points. This lowly creature is playing an important role in this year's campaign for suffrage in Washington. Political science students please note.

The cockroach entered the suffrage picture when a Congressional committee which handles District affairs investigated protests from patients in a city-operated hospital.

Committee members reported finding much basis in fact for these protests, to wit—mal-treatment of patients, and filth in the hospital kitchen, including an army of cockroaches running over dirty, unwashed pans and playing hide and seek in dark and dusty kitchen corners.

Although it was pointed out in hearings before the investigating committee that manpower shortages were responsible for some of the hospital conditions, long-time Washington residents were not impressed. Most of them feel that their public institutions have never been spectacular for cleanliness or efficient operation.

The blame for the cockroaches and other unsanitary conditions in the city hospital has been laid on the shoulders of the nominal rulers of Washington, the District commissioners. But the commissioners, who obtain office by Presidential appointment, do not have unchecked authority. Congress handles District budget legislation, always a potent type of power, and the House and Senate each have a District committee that has a share of ruling the City of Washington from behind the scenes.

Since the case of the cockroaches brought forward charges of civic maladministration, the home rule question—which has often been kicked around somewhere in the background—was brought to the fore. But the cockroaches ing out its own information.

For years, District residents have plumped and hoped for suffrage. Next year, thanks in large part to the cockroaches that brought matters to a head, the Washington Voteless League of Women Voters may have to change its name.

TOWARDS PHYSICAL FITNESS

Athletic-minded collegians who like to expend their energies with the help of gymnastic equipment will be glad to know that new equipment of this type will be on the market soon.

The War Production Board has approved the following items for manufacture and for purchase by schools and colleges—swimming pool equipment, such as ladders and diving board platforms; climbing poles and ropes; stall, parallel

and horizontal bars; flying and travelling rings; horizontal ladders; basketball goals; and volleyball standards.

Many of these items are made from critical materials. But their manufacture for civilians in school does not represent soft-heartedness on the part of WPB. That agency has learned from experience that good health is necessary for satisfactory service on the home and factory fronts, as well as in the armed services.

The drive for physical fitness being carried on in the Nation's schools, which was begun immediately after our declaration of war, was intensified when Selective Service surveys revealed that approximately 25 per cent of its 18- and 19-year-old registrants were physically unfit for regular military service. If the new equipment has its hoped for effect, the coming crops of selectees will be a good deal stronger and healthier.

* * *

Collegians who are short on milk and long on soft drinks, coffee and tea should perk their ears to the information on food that will be flowing out from Washington during November.

Because November has been designated "Food for Freedom" month, you will shortly be seeing posters, news stories, ads, and movie shorts that will, among other things, tell you about the right foods to eat to keep well.

The story of food that will be presented is a broad one. It will tell the story as a whole, in all its aspects—diet, conservation, production, rationing, and price control. In the past, the food story has been presented piecemeal, with each agency concerned turning out its own information.

But from now on, four Government agencies will work together in this regard—War Food Administration in the Department of Agriculture, Office of Price Administration, Office of Civilian Defense, and Office of War Information.

Twenty-six members of the Farm Victory Cadet Corps during the month of July stayed on the Keuka College campus, Keuka, N. Y., to pick red and black raspberries on nearby farms. Working ten hours a day, the women picked more than 8,000 quarts of raspberries.

YWCA To Send Group To Meet

Five YWCA members and their adviser, Mrs. Gail Smith, will attend a YWCA convention tomorrow from 9:30 a.m. to 5 p.m. in Los Angeles. The theme of the convention is "One World."

Junior college YWCA women who will attend are President Pat Patterson, Evelyn Westerberg, Mary Tozier, Henrietta Grisct, and Margaret Grisct.

Mrs. Smith will provide transportation for the girls.

Program Given

The program is as follows:

9:30—Registration

9:45—Folk Songs of All Nations

10:00—Worship: "One God—One World" by Dr. Kirby Page

10:30—"Student in the World Revolution" by Dr. Walter Kotschnig

11:15—Committee Sessions: 1. "Education for One World" by Dr. Walter Kotschnig. 2. "Politics for One World" by Dr. Kirby Page. 3. "Economics for One World" by Dr. Robert Pettingill. 4. "Religion for One World" by Dr. Floyd Ross.

12:45—Luncheon

1:45—Folk Dancing of All Nations

2:30—World Congress in Session

4:00—Tea "Plans for Action" by Dr. Fay Campbell

New Spinsters Take Pledge at Meeting

Formal initiation of Sisterhood of Spinsters was held Monday at the home of Madilyn Kubitz, club president.

The writing of an original poem about Spinsters was the first requirement of the evening for the pledges, and after reading their poems before the members, the initiates were given pieces of green gingham, cut in the pattern of an apron, to be hemmed and sewed together.

Told of Traditions

While making their aprons, the pledges were read the constitution of the club by Mary Lienberger, who informed them that the aprons are to be worn on all Tuesdays following Monday night meetings. Also, on these Tuesdays the members are not allowed to speak to men on the campus.

Highlight of the evening was the taking of the club pledge in an impressive candlelight service. Each new member, after repeating the oath, was presented with a gardenia.

Refreshments Served

Refreshments were served at the close of the evening in buffet style with Mrs. Venice Wetherell, club adviser, serving the punch.

Also present at this meeting was Mrs. Gates Burrows, former club adviser, who assisted Mrs. Wetherell in the initiation ceremony.

Spanish Dinner Precedes Meninas Initiation Rites

La Fonda was the setting for Las Meninas formal initiation on Wednesday.

The Spanish dinner, which consisted of enchaladas and tacos, was accompanied by singing and the playing of a guitar.

Initiated following the dinner were Dorothy Hartman, Betty Speich, DeVerne Wolfe, Doris Brubaker, Janice Winbigler, Margaret Schmiedeberg, Roberta McBurney, Eilene Wild, Miriam Krock, Jean Bartleson, Anita Wolpert, Mary Jean Galbraith, Mary Harding, Betty Hartman, and Carolyn Hager. Those not present will be initiated formally at the next meeting.

A business meeting was held following the initiation, when plans were made for the year. The members will do library and hospital work at the Lighter than Air Base, and afternoon meetings will be held at the campus Red Cross.

New Members Sing Before Music Group

Sigma Phi Sigma, honorary music society, held its November meeting at the home of Alan A. Revill, 2226 Victoria Drive recently.

The evening's entertainment was highlighted by musical selections from two of the society's new vocalist members. Mary Olive Tozier sang "The British Children's Prayer" and "Didn't It Rain," a Negro spiritual; selections by Miss Ruth Gale were the familiar "L'amour Toujours L'amour" and "Spargita." Both were accompanied by Miss Shirley Wiese at the piano.

Following the entertainment was a business meeting in which plans were discussed for the semi-annual concert to be given January 14 at the Little Theater of the high school.

The meeting was adjourned and the remaining time was spent listening to the "Bell Telephone Hour." Refreshments were served by the hostess, Mrs. Revill, assisted by Ada Mae Harbaugh.

German Club Will Entertain Today

Second meeting of the German club is to be held today in the Women's lounge at 2:30 p.m.

Regular members have invited all the beginning German students to be their guests at the club's party. Ada Mae Harbaugh, president, will preside over the program which will consist of musical selections in German. Following the musical numbers, games and refreshments will carry out the German theme.

Officers of the club elected for this semester are Ada Mae Harbaugh, president; Muriel Verdugo, vice-president; and Helen Faught, secretary-treasurer.

New Honor Students Piloteers Initiated Received Yesterday In Chapel Services

Seven new members of Phi Theta Kappa, national junior college scholarship honor society, were guests at an initiation reception given by Alpha Gamma Sigma, California scholarship honor society, yesterday afternoon in the Women's lounge.

The guests were received by Miss Lella Watson, club adviser, Helen Webbeking, Alpha Gamma Sigma president; Doris Makin, Phi Theta Kappa president, and faculty members.

"Following a strenuous initiation, refreshments were served by Helen Webbeking, who was in charge of the affair," Lois Crandall, Alpha Gamma Sigma vice-president, stated today.

Considered the highest scholastic award, membership to Phi Theta Kappa is by election of the faculty from the membership of Alpha Gamma Sigma. Junior college students are chosen for their scholastic ability, leadership, and general superior ability.

Piloteers' formal candlelight initiation was held recently at the chapel of the First Methodist church.

The pledges were ushered in by Alice Thornborrow, while music for the occasion was provided by Bernita Horton.

A short talk presenting the meaning and aims of Piloteers was given by the president, Ada Mae Harbaugh, who then welcomed the girls individually. Each girl was presented with a corsage and the candle of membership by Ethel Schoneman, pledge mistress. Holding the candles, the initiates repeated the pledge after the president and were then welcomed as new members.

Following the initiation the entire group attended a movie.

A new electric pottery kiln, the only one of its kind in Iowa, has recently been installed at Iowa State Teachers College.

Grid Record Of Two Decades Hit

For the first time in 20 years the annual "Turkey-day" Thanksgiving game with Fullerton will not be played.

In the past the game has been looked forward to by citizens of Orange county almost as much as Thanksgiving itself, for on this day the two great junior college football powers of Southern California, and sometimes of the nation, clash either on the local gridiron or on the Hornet field. In many cases the game determined the Eastern Conference championship and on occasion has determined the national championship.

Always Good Game

Whether the game determined the championship or the cellar position, the annual clash has always been greatly anticipated by sports enthusiasts, and never have the fans been disappointed by a poorly played game.

One of the most exciting ever played was the one which took place last year in Fullerton; with the Hornets leading 13 to 7, the Dons executed a pass and run play, netting over 90 yards and setting the ball in position for a touchdown seconds before the gun sounded to end the game.

Have Good Record

During the past 20 seasons the Dons have triumphed over the Hornets 15 times, while the Yellowjackets have come out on top three. Two of the games resulted in ties, both with scores of 13-13.

The Hornets haven't beaten Santa Ana since 1935, when they managed to score 7 points on the Dons.

JC OFFICE HAS HIGH RATE OF PLACEMENT

Of the 47 students referred to jobs during the present semester 33 resulted in placement, according to figures released from Genevieve Humiston's placement office today.

"This year we found that more than 50 per cent of the student body was engaged in work at time of enrollment; therefore, our placement hasn't been as great as in past years. Last year for example more than 30 times as many students were placed in jobs through our office," Miss Humiston revealed.

Most of the jobs are part time temporary ones and vary in type from agriculture work to lab assistants.

BOYS' COATS FOR GIRLS?

That's right . . . we are selling over 75 per cent of these Genuine Station Wagon coats to young ladies. They like the better fitting shoulders and superior tailoring. The natural color, water repellent fabric is tops.

Railroad stitched on collar and bottom hem. With big roomy pockets and plaid lined thru-out. Sizes 12 to 20.

\$7.50

Clever hats to match at \$1.00 and \$1.65

Jaysee Quintet Meets Sailor Squad In Preparation For Wednesday Game

In preparation for their first practice game on Nov. 24 with the Santa Ana Army Air Base Mical detachment, Bill Foote's Don basketball squad held a practice scrimmage with the Naval Air Station quintet in the high school gym last Wednesday evening.

WAA SHORTS

By EDNA SAXTON

Speaking of sports, those WAA gals are really "on the ball." Bowling is now the favorite on their "it" parade as can plainly be seen by the turn-outs at the Fifth and Ross alleys every Tuesday afternoon.

The fact that there is a shortage of pin boys doesn't dampen their enthusiasm one bit; in fact, some of the girls even have more fun being pin-setters than knocking the pins down.

Plan Competition

Big things are in the air too! From an overheard conversation it appears that the girls are making plans to get up a team of the high scorers and challenge Fullerton and other teams to competition. It isn't compulsory to be a member of the WAA to make the team; so any girl who likes to bowl and can come out for it on Tuesdays should try out.

Now for the results of last Tuesday's bowling. The highest score, 139, was made by last year's president, Claire McMillen. Florence Fainbarg came in second with a score of 137 with Gloria Sjobeck right behind her with 136. Other high scores were Virginia Ebert's 131 and 127 by Barbara Cox.

Others Urged To Bowl

Most of the girls are just beginners, so they're really proud of these scores. Why don't you come out for bowling next Tuesday and beat the "champ?"

Although no score was officially kept, it was definitely decided that the Dons outscored and outplayed their opponents. The Don squad looked good on offense, stressing the figure eight. On defense, Foote's charges effectively used zone defense, completely baffling the Navy team.

Show Up Well

Bob Wyrick of Santa Ana showed up well on both offense and defense, while Ron Troutman played a brilliant game on offense, but not familiar with the type of defense Foote stresses will improve with practice.

Bob Levy plays a fast game on both offense and defense, making several close shots. Other first string men showing well in the practice were George Schmidt, of Orange, who sunk several long shots, and Roy Churchill, who handles the ball well.

Second Squad Plays

At the half Foote, to save his first squad for their first game, sent in the second squad composed of Kenny Gabriel, Vic Lauderbach, Mel Trickey, Bob Jones and Keith Naylor.

Better on defense than on offense the second squad, none of whom have had high school experience, held their own for the remaining half.

For 15 years sophomore and junior journalists of the Florida State College for Women have edited a Sunday edition of the local Tallahassee News-Democrat while the regular staff takes a holiday.

LOOK AHEAD!

WAR WORK today...

A CAREER tomorrow

...for young women who train as

PHYSICAL OR OCCUPATIONAL THERAPISTS

Here is an urgent War need that carries over to a long-range peacetime career. Help our wounded soldiers and sailors on the road back to health by training as a Physical or Occupational Therapist. Excellent positions in Army, Navy and civilian hospitals. Seven training centers in California. Thousands of young women are needed . . . investigate this important war work and interesting post-war career.
